

# Spicy Sausage, Capers and Rocket Pizza

Serves 2 as a snack, or 1 as a main

## Ingredients

1 pizza base  
3 Tbsp tomato pizza sauce  
2 small spicy sausage, skinned  
Handful of cherry tomatoes  
Handful of rocket  
Olive oil, to drizzle

## Method

1. Place pizza base on baking sheet. Spread on the tomato pizza sauce. Leave to rise in a warm place for 5 minutes.
2. Heat oven to 240°C/220°C fan/Gas 9. Place the spicy sausages in a cold frying pan over a low heat, then gradually increase the heat – the sausage should give off enough oil so it will not be necessary to add more. Cook 2-3 minutes until they start to crisp.
3. Spread the sausage, capers and tomatoes over the pizza base. Cook 12-15 minutes until base is crisp, sprinkle with the rocket and serve at once.
